

City of Wheeler Water Department

Application for Billing Adjustment due to Water Leak

Ordinance 2023-03

Customers will keep all pipes and fixtures of the customer's lines in repair at their own expense, and will be held liable for any and all damages which may result from their failure to do so. If the city notifies a customer of a leak and necessary repairs are not made within 14 days of that notification, the water may be shut off and not turned on again until the repairs are made. In the event a customer water leak is identified, the City Council may approve an adjustment in the water bill, for one billing period only, of up to 50% of the estimated excess consumption provided that the customer notified the city of the repair and the city Public Works Department has confirmed the repair has been satisfactorily completed.
