

May 3, 2024

Hello Downtown Wheeler Business Owners,

The City of Wheeler is reaching out to invite you all to what we hope will be the first of many round-table meetings to discuss how the City of Wheeler and the Wheeler businesses can communicate and collaborate to help Wheeler reach our full potential.

Having met with many of you, and hearing your concerns, the City believes that sitting down together to discuss our goals, barriers, and coming up with ideas for improvement would be the most effective way for us all to make Wheeler the best we can be.

Collaboratively we can work to apply for grants, plan events, and make better use of the resources we have.

We would like to schedule our first meeting for **Wednesday, May 15th at 6 pm**. Knowing you will all be tired by the end of the workday, we will provide snacks.

If you are unable to come, please contact me with questions or ideas.

LET YOUR VOICE BE HEARD!!

Peace and Respect,

Heidi Stacks
Wheeler Resident
